Puma Energy

Puma Energy is a global integrated and downstream oil company formed in 1997 in Central America and currently active in close to 45 countries. Puma Energy has since expanded its activities worldwide, achieving rapid growth, diversification and product line development. The company directly manages over 7,500 employees. Puma's core activities in the midstream sector include the supply, storage and transportation of petroleum products. Puma Energy expanded into the UK by completing the acquisition of Storage Terminals located in Westerleigh, Milford Haven, Theale & Belfast as well as Bitumen Terminals in Newport and Dagenham and offices in London. The UK acquisition also included a wholesale and distribution business.

We are looking to recruit experienced Terminal Shift Operators / Dispatchers based at our Theale Terminal (near Reading). Suitable candidates should ideally have experience in Terminal & Rail Operations, have a good level of physical fitness, enabling them to work in an external environment and on occasions at heights and in confined spaces. Successful applicants will be required to work on a shift rota (24/7) following the completion of a training programme. Short listed candidates will undergo an aptitude and colour blindness test prior to interview. This position requires candidates to hold a full driving licence.

Key Responsibilities of the role include

- Day-to-day safe operation of a petroleum fuel storage and distribution terminal
- Coordination of the traffic desk which includes managing vehicle loading & offloading of products and related documentation
- Operating Automated systems and within a Control Room
- Routine monitoring, testing and checking terminal equipment and preparing for routine maintenance including shutting down and starting up
- Operating gauging storage tanks, pumps, valves and pipelines and testing, inspecting and sampling products
- Knowledge of risk assessments, permits to work & issuing, and site safety procedures

Puma UK offers a competitive benefits package including Pension Scheme, Life Cover, Private Medical Healthcare, an annual discretionary Bonus Scheme and Simply Health Plan. Salary is competitive; following an initial training period salary will be circa £35,000 - £40,000p.a including shift allowance.

Interested candidates should send their CV and covering to Sarajane Starmer, sarajane.starmer@pumaenergy.com letter by close of business on Friday 11th October 2019.
